Nevada County Concert Band Offers "Pop's Day" Concert

The Nevada County Concert Band, whose heritage dates back to the 1850s "Northern Mines" brass bands, will perform a Father's Day concert at the Pioneer Park Band Shell on June 17th, at 6:00PM. The free concert is the first in a series of three "pops" concert to be held at the park this summer. The band will perform popular show tunes, danceable folk music and toe-tapping marches in the traditional manner of the old brass wind bands.

During intermission, eleven local students will be rewarded for their outstanding contributions to music thru the "Emil and Hulda Stern Music Scholarship Award." History records the passing of Hulda Stern, who founded the scholarship fund, loved the band's music and was a major benefactor to the band and to our local youth. The entire concert will be presented in honor of this most gracious lady.

Give your Dad something unique this year for Father's day, bring him to the park early, have a picnic and then cap the day off by listening to the band play great music in the cool air of the early evening. More on the band is available on the web at www.nccbi.org.
