no match for our heroes.*

*Chaos has ensued, to the delight of this  
Rebel band. The laughter confounds  
the Dark Forces, tipping the balance to

## **CONDUCTOR'S WELCOME – CHERYL WOLDSETH**

Remakes. Sequels. Episodes. Repeats. So why do we love it again and again?

We spend hours viewing movies we've seen before, binge-watching episodes of favorite TV shows, quoting song lyrics or commercials or famous people, rereading a favorite book, and listening to hours of songs that we've already heard.

Why? We like it because it is familiar, and makes us feel good. It reminds us of the past in the warm fuzzy way of nostalgia, and remembering makes us feel good. Old movies, songs, or books never disappoint because we already know how they end, and that therapeutic control makes us feel good. Revisiting something from the past means we can see it again with a new perspective, and that makes us feel good.

Today, the Nevada County Concert Band will perform great music that has stood the test of time – and can withstand remakes, sequels, and other pop-culture references.

The concert is "The Phantom Mayhem," the final episode in our connected series of picnic pops concerts for the 2018 summer, with "Episode 8" corresponding to month #8). We'll review the past episodes, play a few ear-worms, battle the Dark Forces again, throw in some silliness, and finish it off with a spoonful of sugar.

## JERRY FOOTE SCHOLARSHIP RECIPIENT 2018

An oboe and English horn player, Jerry was an active member of the Nevada County Concert Band. This scholarship was established to honor Jerry's memory, to promote development of young musicians in our community, to benefit local music education programs, and to support local private music teachers. Details about the scholarship and its past recipients are available at the Nevada County Concert Band's website <http://nccb.org>.

### Zachary Riner, tenor saxophone

I am 18 years old and have been playing the tenor saxophone for six years. When I was younger I took some piano lessons, and my dad is a drummer so I have a little knowledge of drums and percussion instruments. As a result of being around bands my whole life, I have gained an understanding and appreciation of music. While I have a basic piano and percussion knowledge, my instrument of choice is the tenor saxophone. I enjoy playing the tenor sax, and play with the Forest Charter School band and the Nevada County Concert Band (NCCB). Last year was my first year playing with NCCB. I learned a lot and enjoyed it.

In addition to music I am interested in cinematography and graphic design. I have taken college level classes and am certified from Adobe for Photoshop and Premiere Pro (video editing). I am also a licensed Small Unmanned

Aircraft Pilot with the FAA and own a drone. I plan to start my own drone video and photography company this summer to help pay for college.

My goal for the future is to combine my two interests. I want to take more piano classes, and increase my skills on the tenor saxophone, graphic arts and filming. My ultimate goal is to play in an orchestra for movies, while also taking part in producing them. I will be attending William Jessup University in the Fall 2018, and plan to major in Visual Arts with a main focus in Cinematography, plus I have been offered a position in their jazz band.
